TOWN GOVERNMENT

The Town of Nantucket operates within the County of Nantucket. The administrative office address is:

Town & County Building

16 Broad St.
Nantucket MA 02554

web: nantucket-ma.gov

Towns have existed for more than 300 years in Massachusetts and are the subject of hundreds of laws, yet there is no clear definition of a “town” as a municipal organization. Historically, the word town means a form of government characterized by an “open” Town Meeting (as the LEGISLATIVE BODY) to which all registered voters of the town belong and a decentralized EXECUTIVE BRANCH (made up of many independently elected offices, boards and commissions). The TOWN’S LEGAL BASE is a compilation of all the “laws” (bylaws, accepted state statutes, and special acts of the state legislature) that relate to the town’s organization and structure – the corporate structure of the Town.

ELECTIONS

Elections of town officials are held each spring at the time of Town Meeting, and

anyone interested in running for an elected office should obtain information from the Town Clerk’s office. There is a deadline for declaring yourself a candidate.

VOTER REGISTRATION

You may register by the deadline to vote at the Town Clerk’s office or online at <https://www.sec.state.ma.us/ovr/>. You must be:

- a U.S. citizen
- 18 years old on or by election day
- a resident of the district in which you register

ABSENTEE BALLOTS

They are available approximately three weeks prior to the election until noon of the day before election and must be applied for in writing. An individual may vote in person at the Town Clerk’s office or the completed ballot can be returned by mail. A completed ballot cannot be returned in person to the Town Clerk unless it is returned to the polls.

Once a registered voter files with the Town Clerk, in order to obtain absentee ballot status, a voter must provide the Town Clerk with a letter from a registered physician stating such voter is unable to cast his / her vote in person by reason of permanent physical disability. The voter will be mailed an application for an absentee ballot no later than 28 days before each election.

Absentee voting must follow correct procedure, regulated by the Secretary of State. In order to “write in” or use “sticker votes” on the ballot, the candidate’s correct legal name and address must be used.

TOWN MEETING

Nantucket voters have the privilege of participating in their town government through OPEN TOWN MEETING, held once a year in the spring. This is one of the oldest forms of government in the Commonwealth. In order to participate at Town Meeting, one must be a registered voter. Non-registered voters are welcome, but they must sit in a designated section.

Open Town Meeting offers the greatest opportunity for participation and represents one of the purest forms of democracy in the world; each voter in the town is permitted a chance to influence local government. Special Town Meetings can be called at other times during the year by the Selectmen or by petition of voters. Major decisions and allocations of monies are voted at Town Meeting.

The WARRANT is the agenda for the Town Meeting and the ARTICLES are the issues to be voted on. The warrant as adopted by the Board of Selectmen is available online prior to Town Meeting and a copy of the warrant with Finance Committee motions is mailed to town voters pursuant to Article II, Section 2.5(c) of the Town Charter. Annual Town Meeting citizen warrant articles require the signature of at least 10 registered voters. Special Town Meeting citizen warrant articles require the signature of at least 100 registered voters (or 10% of registered voters, whichever is the lesser number). Information on warrant deadlines is available online at <http://www.nantucket-ma.gov/700/Town-Meeting-Information>. The Town Report is available at the Annual Town Meeting and at the town building throughout the year

Meetings of Town boards, committees and commissions are posted on the Town's website or in the Town Building outside the Town Clerk's office or they can be confirmed with the Town Clerk's office at 228-7217.

Some seats may be up for re-appointment after publication of this directory.

AFFORDABLE HOUSING TRUST FUND, TOWN OF NANTUCKET - AHTF

2 Fairgrounds Rd.

325-7587

Andrew Vorce, Director, Planning and Land Use Services

The AHTF is a local, municipal affordable housing trust created in 2009 by adopting MGL, c44 s.55C.

The purpose of the AHTF is to provide for the creation and preservation of affordable housing in the Town of Nantucket for the benefit of year-round, low- and moderate-income households who would otherwise have difficulty, financial or otherwise, locating housing on Nantucket.

The AHTF is able to collect and receive funds for local initiatives to create and preserve affordable housing. Examples of what a local affordable housing trust fund can do include: rehabilitate existing homes to convert to affordable housing; increase affordability in new housing development projects; develop

surplus municipal land or buildings; preserve properties faced with expiring affordability; provide financial support for the construction of affordable homes by private developers; create programs to assist low- and moderate-income homebuyers; create programs to help low and moderate-income families make health and safety repairs and educate and advocate to further affordable housing initiatives.

Gifts to further the purpose of the AHTF may be made in a variety of forms, including cash and securities. Gifts to the AHTF are tax-deductible to the full extent allowed under the Internal Revenue Code.

Box 2102, 02584

Email: nantucketasap@gmail.com

Web: asapnantucket.org

Kerryann Leddy, Interim President

Sue Mynttinen, Program Director

Gennifer Costanzo, Program Coordinator

The A.S.A.P. mission is to foster a safe, healthy Nantucket community through education, awareness, advocacy and prevention strategies.

The Alliance For Substance Abuse Prevention's mission is to provide education, leadership and support in the Nantucket community for the prevention and treatment of alcoholism, addiction, substance abuse and related problems.

The Alliance for Substance Abuse Prevention (A.S.A.P.) implements educational programs and presentations regarding alcohol and substance abuse in the schools and community. A.S.A.P.'s role in utilizing the federal government sponsored Drug Free Communities Grant is to raise community awareness regarding the issue of substance abuse and to build a community coalition to address these issues in terms of prevention that are sustainable.

Some of the Alliance for Substance Abuse Prevention's on-going programs are: the Red Ribbon Week campaign which takes place for one week each October; the formation of the Y.E.L.L. (Youth Empowering Lasting Leadership) program for middle school aged students, Social Host Liability which addresses the issue and legal consequences of providing alcohol to minors; Drug Take Back, implementing the PRIDE Survey for high

school and middle school students, providing drug and alcohol free events for children, teens and the community and the Let's Talk series to help educate the Nantucket community on substance issues and offer information to help individuals and families cope.

The Alliance for Substance Abuse Prevention is continually working on bringing new programs and presenters to educate the Nantucket community regarding the dangers of alcohol and substance abuse

Web: cfnan.org

Margaretta Andrews, Executive Director

Our Mission:

Our mission is to strengthen Nantucket now and for future generations through informed philanthropy and community leadership. In pursuit of this mission we act as a:

- Steward – by creating and managing funds to ensure a legacy for charitable solutions.
- Grant Maker – by awarding grants through the Nantucket Fund™ and donor-directed funds that respond to pressing needs.
- Charitable Resource – by maintaining in-depth knowledge of the non-profit sector, and by providing resources for donors, non-profits, and the community.
- Catalyst – by mobilizing community leadership to affect collaborative solutions for Nantucket's most critical issues.
- Our Vision: We see a Nantucket where everyone equally and inclusively:
 - has a place to call home
 - has support when coping with personal struggles
 - knows their children are safe and active during the work day
 - can rely on year-round, affordable public transportation
 - may age gracefully with trust in the services they need and deserve

CONTRACT REVIEW COMMITTEE

Meets as needed.

The Human Services CRC was established in September 1993 in response to concerns at the 1993 Annual Town Meeting within the Finance Committee, regarding appropriations to Health and Human Services providers. Many FinCom members were not familiar with different services, and Town Meeting voters asked for accountability of funds. The first year the committee reviewed and recommended funding for human service providers was for fiscal year 1995.

CRC PURPOSE

- Determine Human Services funding priorities.
- Review annually all requests by Health and Human Services providers for Town funding.
- Communicate grant recommendations to the BOS and FinCom.

This has resulted in:

- increased accountability within the funded organizations
- increased coordination among agencies
- elimination of duplication of services and
- a greater understanding and support in the community for health and human services

REQUIRED MEMBERSHIP: 7 members, as follows:

- 1 Finance Committee Representative;
- 1 Board of Selectmen Representative;
- 2 Human Services Council Members;
- 1 NP&EDC and 2 Community-at-large Representatives.

Monday–Friday: 8:30am–4pm. Sittings are the 1st Thursday after the 2nd Tuesday of every month. Probate and Family Court has jurisdiction over cases dealing with adoption, divorce, co-conservatorship, guardianship of equity cases, wills and estates.

SUPERIOR COURT

Nantucket Court House, Town Building,
16 Broad St., 2nd floor; Box 967, 02554
228-2559

Mary Elizabeth Adams, Clerk of Courts
A mixed, two-week juried session (12-man

and Grand juror) in May and September. Please call for times when injunctive relief matters may be heard. The normal trial hours for time standards sessions will start at 9am. The court will schedule such matters as conferences, motions and hearings. Mini-Sessions as scheduled by the Regional Administrative Judge.

The Superior Court has jurisdiction over civil, criminal and equity cases.

SUPREME JUDICIAL COURT

Full court sittings of the Supreme Judicial Court for the Commonwealth are held for all counties at Boston only. They begin on the 1st Monday of each month from October to May inclusive.

JURY DUTY 800-THE-JURY

In general, every citizen 18 years of age or older who can understand the English language and is physically fit must serve. (Citizens 70 years of age or older may choose not to serve.) Juror service is required by any citizen who is a resident or inhabitant for six months or more during the year in the county in which summoned, including students from other states who are attending college here (inhabitants), and students whose homes are here, but who go to school in other states (residents).

Jurors are selected at random from the Nantucket Street List Book. All residents 18 years and older have an equal chance of being included on the master list of potential jurors.

Each juror is entitled to one postponement of up to one year from the date summoned. This postponement allows a juror to choose a more convenient date to serve if the assigned date is not suitable.

The jury system is known as a ONE TRIAL SYSTEM. Each day, a new group of jurors appears in the jury pool. If by the end of the first day, a juror is not impaneled on a trial, that juror has completed the term of service and will not be required to return for at least three years. If impaneled, the juror must complete that trial, but will not be required to participate in another trial.

The Egan Maritime Institute is the island's only non-profit organization devoted to celebrating Nantucket's seafaring heritage. Recognizing that Nantucket's ongoing relationship with the sea has shaped the island's rich history and distinctive character, Nantucketer Albert F. Egan Jr. and his wife, Dorothy H. Egan, created an operating foundation in 1996. The Egan Maritime Institute supports Mill Hill Press, Nantucket Shipwreck & Lifesaving Museum, Ackweather.com and Sea of Opportunities, Egan's maritime educational program.

Mill Hill Press is known for publishing distinctive books about and related to Nantucket's history and heritage from submitted manuscripts on topics ranging from its history to literature, art and island traditions. Mill Hill Press books are available online at www.eganmaritime.org.

Please visit the Nantucket Shipwreck & Lifesaving Museum listing for more information on the Museum.

Egan's ACKweather website, iPhone app, Twitter and Facebook pages continue to provide real-time information to beachgoers, boaters, travelers and fisherman, as well as many others.

Sea of Opportunities is a maritime studies program which provides students at Nantucket Public Schools, Nantucket New School and Nantucket Lighthouse School with an appreciation of the island's extensive maritime history and introduces them to the maritime world of today.

Please visit www.eganmaritime.org to become a member, memberships start at \$50.

Elder Services of Cape Cod and the Islands is a private, not-for-profit, community-based organization. Since 1972, we have been dedicated to enhancing the quality of life of elders and assisting them to maintain maximum independence and dignity.

• HOME CARE PROGRAM:

Provides eligible elders with the supportive services that they may need to live safely and independently at home. Services may include meal preparation, shopping, homemaking, personal care, emergency response systems, or adult day care.

To qualify, you must be a resident of Massachusetts, be 60 years of age or older, and have a "critical unmet need" for services. In addition, you must meet certain income guidelines. The primary goal of the Home Care Program is to assist elders to remain in their homes in the community setting for as long as possible.

• MEALS ON WHEELS

Meals are delivered to people age 60 and older who are homebound and unable to prepare their own meals. The menu is varied and the meals are nutritionally balanced, prepared without added salt, and consist of a dinner, dessert (diabetic desserts are available), milk, bread and margarine. Meals are delivered between 10am and Noon, Monday through Friday. There are no deliveries on weekends or holidays, however, frozen meals can be arranged to be delivered.

• CONGREGATE LUNCH

Served at Saltmarsh Senior Center, 81 Washington St. Ext., Monday through Friday, except holidays beginning at noon for people age 60 and over and their spouses. You must call 508-228-4647 48 hours in advance to reserve a place.

• **PROTECTIVE SERVICES

The Linda Loring Nature Foundation is a wildlife preserve dedicated to research, education, and stewardship. Our responsibility lies in protecting nature, educating the public about Nantucket's unique ecosystems, and helping foster personal connections to the land and the natural beauty that surrounds us. The LLNF property serves as a living laboratory and outdoor classroom where we emphasize what is special and unique about Nantucket's natural habitats. Trails on the Foundation's 100 acre property are for walking and the quiet enjoyment of nature. Year round programs for all ages provide opportunities for guided nature walks, workshops, family programs and classes.

Founded in 1902, the mission of the Nantucket Maria Mitchell Association (MMA) is promotion of the legacy of Maria Mitchell and exploration, education, and enjoyment of Nantucket's land, waters, and skies beyond. In fulfilling our mission, we recognize the historic persona of Maria Mitchell, the foremost American woman scientist and educator of the nineteenth century, and her potential impact on contemporary thought by passing on her legacy of intellectual curiosity, respect for and love of nature, learning by doing, and

the ideal of individualism.

Maria Mitchell's contributions to astronomy, science, and education are the basis for our continuing tradition of high quality research and teaching which inspires today's learners and tomorrow's scientists. The MMA provides scientific resources and educational programs for the community, uses Nantucket Island as an exceptional natural laboratory in which to study science and the environment, and maintains research and representative collections of Nantucket's biodiversity

We work to delight our members, supporters, and visitors by providing high quality programs, services and facilities. We strive to ensure our financial viability and the preservation of our buildings and important collections so that current and future generations can share in this legacy. We strive to collaborate with other institutions (both on and off-island) to share relevant organizational assets to accomplish these objectives, obtain cost efficiencies and reduce our impact on the environment.

The MMA is a nonprofit organization supported largely by membership. Properties and exhibits are open to the public for a small admission fee. Programs include: nature, insect and spider, bird and wildflower walks, marine ecology trips, beachcombing walks, summer discovery classes for children, year-round classes for adults and children, lectures and stargazing nights at Loines Observatory.

Audubon Society is the owner of approximately 900 acres of conservation land on Nantucket, including extensive sandplain, grassland and coastal heathland, as well as coastal plain ponds, barrier beaches and forest sites. Not to be confused with the National Audubon Society, we are one of the nation's oldest conservation organizations and the largest in Massachusetts. On Nantucket, the Society maintains full-time permanent research and sanctuary staff. For over 25 years, Massachusetts Audubon Society's research scientist on Nantucket has conducted studies on a wide variety of vegetation management, fire ecology and rare species topics and has provided land management planning assistance to a wide range of Island conservation organizations. Society staff also participates in the Island-wide prescribed burning program and conducts a variety of public education programs.

If you're a cancer patient who calls Nantucket home, even for just a few weeks during the year, you'll be both amazed and comforted by the cancer care at Nantucket Cottage Hospital. Developed in partnership with Massachusetts General Hospital and led by Mass General Medical Director Richard T. Penson, MD, our program brings a team of cancer specialists to the island every month for patient consultations. In addition, a Board Certified Advanced Practice Oncology Registered Nurse is on-site to see cancer patients five days a week. And, of course, we have our own community of doctors and clinicians working in tandem with the Mass General team to support you and provide treatment as well. Our program engages everyone on our staff to focus on the interaction with our patients.

Mentoring Youth Nantucket ("MYNantucket") matches children with a caring and responsible adult with similar interests. The Mentee meets with their Mentor to do activities together that they both enjoy - from building a fort, to baking cookies, to throwing a ball. Be a Mentor - for that commitment you will have a long lasting impact on a Nantucket kid, and fun and satisfaction while you are doing it.

MYNantucket also has tutoring program at Cyrus Pierce Middle School. Be a Tutor and ensure that our middle school children that are behind in school catch up, stay up-to-date, are prepared for high school and reach their full potential.

Our mission: To empower the youth of Nantucket to reach their full potential.

Since 1945, the Nantucket Boys & Girls Club has been helping kids succeed through every walk of life. The Club means something different to every child who comes through our doors. Not just an afterschool program, we are a valuable resource; a helping hand, a place for organized athletics, a friend to talk to, a place to finish your last minute homework assignment, an opportunity to be creative, a place to seek guidance from a trusted mentor, and an overall safe place for our children.

The Nantucket Boys & Girls Club is a neighborhood-based building, designed for youth programs and activities. Over 750 Nantucket children utilize the Club each year- 50% of all children in the Nantucket Public School system, which is a true testament to how important the Club really is to our community. The Club provides these children with a safe and productive place to rely on after school.

Membership:

School Year Memberships cost each child \$265 (with sibling/family discounts available), which is less than \$1 a day. This low cost ensures all children have access to our facilities and programming.

No child is ever turned away due to financial hardship.

Summer: The entire 8 week program is \$1,500*
A weekly rate is \$225

*20% sibling discount, after the first child

The Nantucket Community Garden is an incorporated nonprofit organization which leases an acre of farmland off Hummock Pond Road, recently purchased by the Nantucket Islands Land Bank. There are approximately 40 vegetable garden plots (20'x20') with on-site water. The plots are for the personal use of any permanent or seasonal residents of Nantucket wishing to grow their own vegetables, herbs or flowers. There is also a large greenhouse for pre-season seedlings. A small yearly fee is assessed per plot to cover general maintenance and utility costs. We use no chemical pesticides and encourage the organic approach to cultivation. Please email for further information or plot availability.

Cormac Collier, President and CEO

The Nantucket Conservation Foundation is a private, member-supported, non-profit organization that owns and manages for all to enjoy, prominent island open spaces. Established in 1963 it has acquired through gifts and a limited number of far-sighted purchases approximately 9,000 acres, representing about 30% of all land on Nantucket. This includes some of the island's most appreciated, undeveloped acreage at the Sanford Farm, Eel Point, Tupancy Links, Coatue, Squam Swamp and Farm, and the expansive Middle Moors. The cranberry-colored, gull and wave topped posts which

mark the corners of Foundation properties are seen around the island and indicate that the land has been protected forever.

The Foundation works closely with its island conservation partners. This is exemplified by recent collaborations with the town's Land Bank Commission that led to coordinated purchases at Norwood Farm in Polpis to protect a total of 220 acres. With a diversity of natural habitats and rolling countryside, Norwood Farm was the largest unprotected, private property on Nantucket.

As the island's largest landowner, the Foundation is responsible for the care of its land – an obligation the organization takes very seriously. Many of the natural resources occurring on its properties are rare and require special management. This is accomplished by a year-round staff of scientists and property managers.

The Foundation also owns and operates the island's remaining cranberry bogs – the historic Milestone and Windswept Bogs which are now cultivated organically. In the fall, the Foundation hosts a Cranberry Festival to mark the start of the annual harvest and provide residents and visitors with an opportunity to learn first-hand about this long-established agricultural activity. The popular Festival takes place at the 240 acre Milestone Cranberry Bog on the Saturday of Columbus Day weekend.

All Foundation properties are open to the public from dawn to dusk for low-impact uses that are compatible with its conservation mission. Feel free to stop into the office during business hours (Monday – Friday 9am - 5pm) to learn more about Foundation properties, get trail maps or help support its efforts by becoming a member.

Nantucket Environmental Laboratory is the only state-certified (MA DEP cert. # MA-19751), independent environmental analytical testing laboratory on Nantucket offering a complete range of water, soil and environmental analytical testing and sampling services since 1994. Through our extensive database of water conditions in various areas of the Island, we can predict trends in water quality and suggest appropriate testing parameters for any specific location, eliminating unnecessary cost. The Environmental Lab provides analytical support services to leading engineering, industrial and government clients throughout New England and on Nantucket. Nantucket Environmental is staffed with dedicated, highly skilled professionals who are committed to providing our clients with highly defensible data in a timely manner. Nantucket Environmental monitors many of Nantucket's surface water resources. Income produced from testing supports these monitoring programs and allows Nantucket Environmental to produce a yearly public outreach brochure entitled "Protecting Nantucket Harbor," which raises water quality protection awareness. The mission of Nantucket Island Safe Harbor for Animals, NISHA, is to provide shelter and care for animals in need and to promote animal welfare through humane education, outreach and advocacy.

- **Adoption:** NISHA promotes adopting shelter pets over the purchase of pets from breeders or pet shops in an effort to lower the number of companion animals euthanized in shelters nationwide. By collaborating with rescue efforts and other shelters, NISHA brings adoptable dogs and cats to Nantucket in order to save more lives and provide lifelong companion animals for Nantucketers and beyond. NISHA has an 'open door' policy meaning we will never turn away an animal in need.

- **Lost and Found:** NISHA cares for lost animals until they are reunited with their families. Call 508-825-2287 if you have found or are missing a pet.

- **Humane Education:** NISHA offers educational programs to promote the humane treatment of all animals.

- **Spay Neuter Island Pets Program (SNIPP):** NISHA offers vouchers to eligible pet owners to help offset the cost of this essential surgery.

- **Seniors with Pets Program (SPA):** Provides short-term assistance to elderly pet owners.

- **Financial Assistance** information regarding low-cost medicine and medical assistance for pets.

Cormac Collier, Executive Director

Emily Molden, Resource Ecologist

Amy Zielinski, Development Director

The NLC is Nantucket's only environmental advocacy organization. Member-supported and non-profit, they were founded in 1974 by Nantucket citizens who cherished the island's pristine natural setting and who were concerned by increasing environmental impacts. Since its founding, the NLC has effectively protected thousands of acres of land on Nantucket's beautiful islands. The Land Council encourages informed decision making through close monitoring of local growth and development being considered by the Board of Selectmen, the Conservation Commission and the Planning Board. In addition to land, they are passionate about water quality. They are regularly monitoring and testing stormwater runoff in the harbor and in 2017 they conducted a pilot study on the green crab population in Nantucket Harbor; they advocate and educate on appropriate fertilizer use; and they have conducted numerous studies to determine the health of some of Nantucket's ponds through water, sediment and fish sampling. They are

also proud to host the State of the Harbor Forum each summer to educate and inform all of Nantucket's residents.

NANTUCKET LANDSCAPE ASSOCIATION

Email: nantucketmarinemammals@gmail.com

Web: nantucketmarinemammals.org

NMMCP is an island-based, non-profit, public education program. We are dedicated to increasing awareness of the world's oceans and their inhabitants, focusing on cetaceans (whales and dolphins) and pinnipeds (seals)-the marine mammals most commonly found in our local New England waters.

NMMCP reaches out to the public through Whale Information Stations operated on-island during the summer months, and through local media. We regularly take part in island events, providing information, and encouraging public involvement in mammal conservation causes. Working with teachers in local schools, we provide resources, facilitate projects and bring experts to the island to motivate and expand young minds. We are also a member of the national Whales Need Us Coalition, and are a project of Cetacean Society International, which operates worldwide.

NMCCP raises funds through donations from the public, 100% of which are used to support marine mammal conservation causes, both in the U.S. and abroad.

During the late 19th and early 20th centuries, the men of the United States Life-Saving Service performed hundreds of rescues off the coast of Nantucket. Their tales are filled with heroism, harrowing accounts of man verses nature and success in the face of grim odds. Learn more about these brave men who risked everything in selfless acts of courage so that others might live. Experience Nantucket's fascinating maritime heritage at the Shipwreck & Lifesaving Museum. Drawing on its collection of over 5,000 objects – including period surfboats, beach carts, vintage photographs and more, the museum features new exhibits each year and family-friendly programs appealing to all ages. The Nantucket Shipwreck & Lifesaving Museum is an affiliate of the Egan Maritime Institute. Ample parking and a museum store are available.

Our mission is to provide specialized, therapeutic, accessible recreation and adaptive sports to children with a wide range of challenges and disabilities. Our goal is to leave no child behind due to the degree of challenges, be it physical, mental, emotional, or neurological.

Our history began in 2003 when the program was founded by Renee Gamberoni and Max Goode. Seeing a great need in our community for recreation and sports for children with special needs, the Nantucket S.T.A.R. Program was formed. Now, alongside their peers, children on Nantucket with special needs have access to sports, after-school activities and play-groups.

Michelle Whelan, Executive Director

Sustainable Nantucket is cultivating a healthy Nantucket by building a more locally-based, self-reliant food economy – one in which sustainable food production, processing, distribution, and consumption is integrated - thereby enhancing the economic, environmental and social health of our island, and improving our long-term, overall sustainability. Our programs include:

- SN Farmers & Artisans Market – Saturdays, June – Oct. from 9am – 1pm, weather permitting, North Union and Cambridge Streets. The Market is designed to support and strengthen our traditional industry of agriculture; to support the local economy and encourage entrepreneurs; to help keep downtown vital and to enhance our experience of community. All vendors are seasonal or year-round residents of Nantucket, and all goods sold are grown or produced on the island. Vendors include growers, artisans and prepared food purveyors. There are live music performances, kids' activity tables, demonstrations and more. Visitors to the market have noted a "street festival" atmosphere that welcomes year-round residents and visitors alike to shop, mingle and enjoy the downtown experience.

- Farm to School – SN is partnering with the Nantucket Public Schools Food Services Department and working with school administration, teachers, parents and community members to address the logistics of fresh produce purchasing to organize school gardens and to provide information and education to parents, teachers and students about the Farm to School Program, healthy eating and their local farming community.

- Community Agriculture Program – Designed to expand local food production and encourage sustainable cultivation practices on the island, this program includes leasing land for community cultivation; developing an agricultural internship program; developing an educational community farm; and providing classes as well as workshops on topics such as organic gardening, beekeeping, canning/preserving, and raising chickens.

- Nantucket Grown Campaign - A program that helps to connect local farms and farmers to local restaurants. It includes a magazine, a brand carried by restaurants that source locally and an annual four day NantucketGrown Food Festival held the weekend after Columbus Day. It is designed to help build a more self-reliant and locally based food system on island and a strong, local economy.

Sustainable Nantucket relies on annual fund support to continue its vital work. Donations ensure not only that current programs will continue to grow, but that new initiatives may be taken to further our mission to steward our resources and sustain a healthy community, economy, and environment on Nantucket.

If you would like to contribute your time, volunteer help is always needed for our programs, special events and day-to-day operations.

The African Meeting House at 29 York Street is a vivid reminder of a thriving 19th-century African American community. Erected in 1824-1825, it is one of the oldest African American church buildings still standing in the nation. Built as a school where classes began in 1825, it also served as a church, a meeting house for the black anti-slavery society, and as a social center for people of color. Volunteers are needed and will be trained.

More than 170,000 people visit the Atheneum annually to access materials in printed and digital form. As Nantucket's public library providing service to year-round and seasonal residents, our volunteers play a vital role in supporting and enhancing our programs, services and mission statement. Volunteering is a wonderful way to stay involved, keep your skills up-to-date, build experience for your resume and meet new people. Days and hours are flexible to meet individual needs, and we welcome new volunteers throughout the year. Some of the many opportunities available are shelving books, helping with programs, used book sales and tutoring adult English language learners.

Volunteers needed to take part in a Right Whale Watch. Help save one of the world's most endangered great whales (only about 500 in the entire North Atlantic Ocean!) by reporting when you see Northern Right Whales around Nantucket. These animals are particularly seen on the southern and eastern sides of the island during the winter and spring months. No formal training is required. While walking Nantucket's beaches or traveling by boat or plane, simply report any Right Whale sightings to the phone number or email address above.

Right whales have the following field marks:

- Among the great whales in the Atlantic Ocean, it is the only whale that does not have a dorsal fin on its back.
- Has overall black coloration, except for raised light-colored blotches on the head.
- Tail flukes are triangular and very broad with smooth edges. These flukes may be lifted up in the air when diving.
- Pectoral fins (flippers on sides) are paddle-shaped.
- Often swims close to the beach.
- Please note how long the whale is swimming on the surface and how long it is underwater.
- Note the direction the whale is swimming.
- Please indicate location, date and time of your observation.

This will allow researchers to gather data and

divert any boats in the area. Collisions between whales and boats are a major cause of Right Whale deaths. Additional free, Right Whale information is available via email (see above address). Adults and children are encouraged to participate.

The Nantucket Marine Mammal Conservation Program is collecting this information to share with National Marine Fisheries Service and the Provincetown Center for Coastal Studies.

SEALS ON THE BEACH - NANTUCKET MARINE MAMMAL CONSERVATION PROGRAM

Box 332, 02554

1-508-400-7293

Hotline 866-755-6622 - leave a message

Should you see seals there are certain things you should know:

Seals are wild marine mammals which live on land and in water. They spend a significant part of their time hauled out on beaches, or rocks where you may come across them.

The Marine Mammal Protection Act makes it a Federal offense to harass, injure or kill a seal.

Federal Law states you must stay 150 feet away from seals. If they should approach you on the beach, move away. Keep children and pets away from seals for their own safety.

Do not feed seals.

WORSHIP SERVICES

Never try to pick up seal pups which you may find on the beach. Mother seals need to locate their pups in the same place they left them.

Don't get between a mother seal and her pup. Leave the seals' environment as you found it. Take garbage and cigarette butts with you.

If you have any questions or concerns regarding seals on the beach, or in the ocean please call.

USEFUL INFORMATION

LYME DISEASE, BABESIOSIS & TICKS

DOG TICK

ACTUAL SIZES

Contact a local physician with any questions or concerns. Named after the Connecticut town in which it was first isolated, Lyme Disease is now regularly reported on Nantucket.

LYME DISEASE

Lyme Disease is transmitted by the bite of the deer tick. Outward manifestations of Lyme Disease can begin with a ring-like rash, sometimes bright red and warm to the touch. The rash can expand from a small circle to a diameter the width of a person's body. Mild flu-like symptoms (fatigue, fever, chills, aches and pains, sore throat or headaches) are also common symptoms of the disease's early stage. In the untreated disease's secondary stage – weeks to several months following the infected tick's bite – problems involving the heart, joints or nervous system may occur.

When detected early, Lyme Disease responds well to antibiotic treatment.

BABESIOSIS

In 1976, an army of public health specialists came to Nantucket, where they confirmed how the deer tick, the white-footed mouse and the white-tailed deer relate to each other.

They found that *Babesia microti*, a microscopic parasite, multiplies within and bursts red blood cells, producing human

DEER TICK

babesiosis with a malaria-like infection of the blood stream. Symptoms may include fever, alternating with chills, enlarged liver and spleen and an extremely low red blood cell count. Babesiosis is treatable with drugs.

TICKS

PRECAUTIONS: Those who are pregnant, lack a spleen or are otherwise immunologically unresponsive, should exercise great caution while visiting Nantucket or other areas where these diseases have been reported.

If possible, avoid areas where deer ticks are known to be. When you cannot avoid walking along woodland edges, your first line of defense should include wearing shoes, socks and long, light-colored pants which will make the job of locating dark brown ticks a much simpler process. The use of repellents can provide additional protection. Children should be checked frequently for ticks when they come in from playing in grassy areas at the edges of woodlands.

If you find a tick that will not brush off when you examine your child or yourself, remove the tick carefully with small tweezers. After gently tugging it from the skin, wipe the spot with rubbing alcohol. Save the tick in a labeled container, making note of the date and where on your body you were bitten.

If the site of a bite looks red and feels warm a few days to a week after being bitten, or if you experience flu-like symptoms, do get medical attention. When you see a doctor, be sure to tell them that you have been bitten by a tick, and bring the tick if you saved it. This can make a difference in making an accurate diagnosis.
